Address: 301 Manasvi Apartment  
Sector 9, Airoli, Navi Mumbai-400708

### Objectives

To attain a challenging position to contribute in the business growth of an organization, would like to work in a creative and challenging environment where there is scope for upgrading my skills and knowledge and where I can take active part in growth of the organization.

### Experience Summary- Interested Area

2+ years of diversified experience in development, design implementation and maintenance of software projects.

- Hands on experience with Restful web-services in SpringBoot, Core Java, Spring MVC, JPA, Hibernate, PostgreSQL, MongoDB, Maven
- Hands on experience with Eclipse and STS IDE.

### Technical Summary

- **Java/J2EE** : Restful web-services in SpringBoot, Spring MVC, Core Java
- **Databases/Servers** : PostgreSQL, Oracle, MongoDB, Tomcat Apache
- **IDEs** : SpringToolSuite(STS), Eclipse
- **Tools** : Tortoise SVN, WinSCP, Beyond Compare, RestClient
- **Operating System** : Windows Series.
- **Methodologies** : Agile /SDLC

### Academic Qualifications

- **2015- B.Tech. (Computer Science)** - 78% from Vaish College of Engg., Rohtak (Haryana)
- **2011-Senior Secondary**-81% from Vaish Sr. Sec School, Rohtak (Haryana)
- **2009-Secondary**-84% from M.B.S.S School, Rohtak (Haryana)

### Software Project

#### Installation LifeCycle Management (June 2016 - October 2017)

**Client** : GE (General Electric)  
**Domain** : Digital  
**Organization** : Capgemini  
**Technologies** : Core Java, Restful web-services in SpringBoot, PostgreSQL, JDBC, Predix.  
**Description** :  
A Digital Representation of Physical asset's life cycle. It provides Asset Data Visualization, Operational Intelligence & Assistance on Survey, Installation & Audits.

The Installation and Servicing process is entirely processed using Web App and Survey is performed using Mobile App.  
Role Based User Access for Project Manager and Contractor.  
Used Predix Platform for deployment and maintaining the application.  
Application uses UAA Service for Authentication, Blobstore service for uploading the media(file, images), Postgres service for Relational Database and Asset service for NoSQL database.  
Web app uses Google Map Geo Location API for visualizing the assets on the entire globe.

**Role & Responsibilities:**

- End to end coding and development activity.
- Implemented web application security module.
- Developed various reusable components while working on bulk upload functionality module.
- Implementing new functionalities and working on enhancements.
- Involved in deployment process.

**Digital Seer (November 2017 - March 2018)**

**Client** : Capgemini  
**Domain** : Digital  
**Organization** : Capgemini  
**Technologies** : Core Java, Restful web-services in SpringBoot, JPA, Maven, PostgreSQL, Predix  
**Description** : Digital Seer is an application that is designed to increase asset availability and reliability by reducing unnecessary maintenance.

**Role & Responsibilities:**

- Lead the product and performed tasks like task scheduling and estimation, sprint plan designing etc.
- Designing business use cases based on thorough market research.
- Redesigning various components.
- Implementing new functionalities.
- Presenting the product to various clients.

**DevOps Enabler Platform (April 2018 - June 2018)**

**Client** : Capgemini  
**Domain** : Digital  
**Organization** : Capgemini  
**Technologies** : Core Java, Restful web-services in SpringBoot, JPA, Maven, PostgreSQL, MySQL  
**Description** : Devops Enabler Platform is an automated tool for creating different jobs in Jenkins through a user friendly UI. It provides different matrices (High, Low, Medium, Info) and Detailed Reports (xml, pdf, html) on various testing like Sonar, Yasca, Checkmarx, SoapUI, Regression etc. This tool can create a batch based job and generates various reports.

**Role & Responsibilities:**

- End to end coding and development activity.
- Redesigning various components.
- Implementing new functionalities.

**Personal Information**

Date of Birth: 4<sup>th</sup>April 1994.  
Marital status: Single.  
Languages known: English, Hindi.

**Declaration:**

I hereby declare that all the above mentioned information is correct to the best of my knowledge and I bear the responsibility for the correctness of above mentioned particulars.
